

DHARIQ ANVAR J

Web Developer | UI/UX Designer
+91 9710127752 | dhariqanvar76@gmail.com | Tenkasi, India

CAREER OBJECTIVE

Motivated **Web Developer** with strong skills in front-end development and UI/UX design, seeking to build and maintain impactful web experiences. Experienced in developing responsive, performance-oriented websites using **HTML, CSS, JavaScript, and Tailwind CSS**. Skilled at **researching and implementing web tools** to improve functionality and user experience. Strong **written and spoken English proficiency** with the ability to communicate technical concepts clearly and support collaborative problem-solving across teams.

TECHNICAL SKILLS

Web Development: HTML5, CSS3, JavaScript, Tailwind CSS, Responsive Design, Website UI Improvement, Performance Optimization **UI/UX Design:** Wireframing, Mockups, Prototyping, Visual Interface Design, User Experience Design (UED), Figma, Adobe XD **Design Tools:** Figma, Adobe XD, Adobe Illustrator, Adobe Photoshop, Adobe Creative Suite, Canva

Programming: Python, Java, C, C++

Version Control: Git, GitHub, GitHub Pages (Deployment)

Communication: English Proficiency — Written & Spoken | Tamil

PROJECTS

Street Food Finder — Web Application

2024

HTML · CSS · JavaScript · Figma · GitHub Pages

- Built and deployed a **responsive website** with clean UI using HTML, CSS, and JavaScript, demonstrating end-to-end web development capability from design to deployment
- Designed **wireframes and mockups** in Figma to plan layout and user flows before implementation, improving overall site structure and navigation
- Implemented food and hotel **search functionality** with intuitive navigation; researched and applied best practices for **UI performance and responsive design**
- Deployed via **GitHub Pages**, maintaining version control throughout development

Tour Booking Management System — Web Application

2024

HTML · CSS · JavaScript · Figma

- Developed a **fully responsive booking website** using HTML, CSS, and JavaScript with structured layouts optimised for usability and performance
- Researched and applied **UI/UX best practices** to improve the interface, reducing friction in the booking flow through iterative design improvements
- Managed the complete project lifecycle — from wireframe to deployment — demonstrating ability to independently **build, maintain, and update** a web application
- Used **Git and GitHub** for version control and project management throughout

ACHIEVEMENTS

- **TCS CodeVita Round 1 Qualifier** — competitive algorithmic problem-solving
- Solved **1,900+ problems** on Skillrack and **100+ problems** on LeetCode

EDUCATION

National Engineering College, Kovilpatti — **B.E. Computer Science & Engineering** 2024 – 2028 | CGPA: 8.70

Languages: English (Spoken & Written), Tamil
